Prospectus 2015-2016
President’s Message

The K. K. Wagh Education Society started in the year 1970, a small sapling planted started with only one institute, has now spread its wings with 31 different institutes. The credit goes to all stakeholders, staff and my colleagues in the board of directors and I am proud to say that the K. K. Wagh has become the brand name in the field of technical as well as non-technical education.

The courses like Engineering, Polytechnic, traditional branches, like Arts, Science & Commerce, Education, Nursing and Agricultural studies are offered and been chosen by high ranking students.

Many of our past students are holding prestigious positions in the reputed organizations within the country and abroad.

The K.K.Wagh is known for the moral values, ethics and contributing a lot for the overall upliftment of the society.

I, being the President welcome you and appeal you to be the member of K. K. Wagh family.

Best of luck in all your future endeavors.

Balasaheb D. Wagh
President
K.K.Wagh Education Society,Nashik
Karmaveer Kakasaheb Wagh Education Society, Nashik

About K.K. Wagh Education Society

Karmaveer Kakasaheb Wagh Education Society is a leading educational trust in Nashik District. It was established in 1970 by the visionary leader Late Padmashree Karmaveer Kakasaheb Wagh. He realized the importance of education for upliftment of rural masses and started with a school in Niphad Tahasil. The education society later on received a land of 23 acres from the well-known Philanthropist Late Ratansey Haridas Udesi (Kakuseth) of Hansaraj Surji Charitable Trust, Nashik. It was utilized by K. K. Wagh Education Society to establish an ideal technical complex known as ‘Hirabai Haridas Vidyanagari’. This picturesque complex houses the Engineering College and two Polytechnics, out of which one is exclusively for women. Later on the other educational institutes in the field of Agriculture, Agricultural Engineering, Education, Nursing, Fine Arts, and Performing Arts were started in the campus at Saraswatinagar, Nashik. Four English Medium Schools are also run by the trust in Nashik City.

With the vision of empowering the youth through quality education, K.K. Wagh Education Society started colleges with faculties like Arts, Science, Commerce, Computer Science etc. at Nashik, Bhausahebnagar, Kakasahebnagar and Chandori. These colleges are useful for the children of farmers who were deprived of higher education due to nonavailability of colleges in their native place. A Polytechnic was established in Chandori village to provide technical education for rural students.

The objective of K. K. Wagh Education Society is to provide quality education at affordable cost. The quality culture has been developed in all the institutes. All institutes have State-of-the-Art laboratories with latest equipments, computers & internet connectivity. A major strength of all the institutes is highly motivated and qualified faculty engaged in teaching, research, consultancy, training, testing and designing. Other facilities provided to the students include gymnasium and sports, hostels for boys and girls, mess and canteen, transportation etc.

A small sapling planted by Karmaveer Kakasaheb Wagh has grown into a full tree with 31 institutes having over 17,600 students engaged in studies from K.G. To Ph.D. in various fields. There are over 1,500 dedicated employees following the Indian ethics and striving hard towards developing the World Class institutes.

Principal’s Message

“क्षेत्रभूत: स्मृत: नारी”

(अर्थात नवजन्माचा, नवनिर्मितीचा आधार केवळ स्त्रीच असू शकते...) 

“Technical education is a mission of spiritual and intellectual development of a person with commitment to humanitarian and technical goal.”

K. K. Wagh Women’s’ Polytechnic, Nashik is the only Girl’s polytechnic in Nashik and is one of the premier institutes in Maharashtra with a track record of 19 years. As on date it is well established and giving quality education to empower the women. I am confident that, our institute will contribute a lot in making of morally and technically competent technicians / programmers ready to render their expertise and services to the industry and society. I assure you that your daughter will be definitely a successful engineer for nation building.

It gives me immense pleasure to put forth that the institution has got accreditation from National Board of Accreditation, New Delhi for three years from 15th March 2012 to endorse the quality education in the stiff competition. The institution is established with the vision of ‘Empowering women through quality technical Education.’ I hope, you will visit the institute not only to observe and experience the academic and other facilities but also to interact with our management, staff and students.

“Teach a man, you teach an individual, but when you teach a woman you teach a whole family”
